Spring Tryouts allow designated head coaches the opportunity to conduct “player selection” while the players are at their peak playing ability after a full season of competition. To help Soo Jr. Greyhound Girls Hockey teams to conduct proper evaluation during Tryouts, the Association has put in place certain guidelines to define issues that are important for the well-being of the players, coaches, parents and the Association.

Above all, the Association wants to see their teams to play at the top of the skill categories in order to allow maximum learning and development. All team rosters should be picked with the objective of selecting the best team with the best players available, with the greatest amount of fairness.

The Association, however, recognizes RARE exceptions to the selection criteria. Decisions in regards to this will be made for the well-being and development of the players(s) involved and the Association as a whole.
